Next Monday, a Black Sister (Sister of Mary and Joseph) from Grammont will be arriving. I am very glad to get this relief for you and your sisters. You need it very much.

Tell our dear invalid again that I was very satisfied with my journey and that I am cherishing the hope that St. Joseph will obtain for us the recovery of a health which, from our point of view, would still be so useful, or the dispositions we should need to make the great sacrifice, if the adorable will of God should require it.

My kind regards also to my other children at your convent who are also very dear to me in Our Lord Jesus Christ.

Your very devoted spiritual Father
